Ultimo Collection

The finer things in life need a lighter touch

Ultimo 13mm Surfaces

Offering the reputable strength of Caesarstone with added design flexibility

Caesarstone Ultimo Collection

The finer things in life need a lighter touch, which is why Caesarstone brings you The Ultimo Collection - a bespoke range of slimline 13mm surfaces.

Lightweight and on trend, 13mm Caesarstone offers an ultra-modern aesthetic without compromising on durability. Slimline surface will enhance your interiors by making them feel lighter and look bigger.

Why Caesarstone?

Lifetime warranty

Easy care & maintenance

Heat resistant

Increases property value

Excellent customer care

Stain resistant

Biggest selection of unique colours

Scratch resistant

Durable construction

Environmentally sustainable

5143 White Attica

13mm | Polished

White Attica is our most adventurous Caesarstone design. With a bold marble-inspired patina, the dramatic black and white veining creates a beautifully impactful interior statement, perfect for kitchens, bathrooms, furniture applications and splashbacks.

White Attica 5143

*Shade, movement and graining of actual product may vary from sample or image. We recommend that you select your preferred slabs at the distributor nearest you.

4033 Rugged Concrete

13mm | Concrete-finish

With a raw visual appeal, Rugged Concrete's soft finish adds incredible depth and texture to every interior it adorns. Inspired by nature's mountainous, dark-grey rock and stone, Rugged Concrete is ideal for adding an artisanal touch to your home.

4001 Fresh Concrete
13mm | Concrete-finish

Fresh Concrete is the lightest concrete-inspired design in the Caesarstone palette. With a gentle, duck-egg motif, Fresh Concrete helps to create a gentle industrial flavour in any interior design scheme.

5031 Statuario Maximus

13mm | Polished

Caesarstone's Statuario Maximus is a marble-inspired design. It features broad shades of grey veins sweeping across a soft white base colour, further enriched by delicate background veins. Statuario Maximus will make a luxurious statement in kitchens, bathrooms, commercial and furniture applications.

2141 Snow
13mm | Polished

Sophisticated and fine-grained, Snow's off-white tones are a perfect match for any décor style and motif. Elegance and restraint characterise this surface that can be used as an anchoring element for any design.

3141 Osprey
13mm | Polished

Inspired by nature, Osprey's even grain allows this surface to complement a variety of interior designs and contrasting materials. With an off-white base, apply Osprey to any area of the kitchen or bathroom for a durable, hygienic and attractive finish.

2230 Linen
13mm | Honed

Inspired by linen cloth, the taupe tones of Linen Caesarstone are ideally suited to a neutral kitchen or bathroom design. Its organic, muted tone and fine grain make it an exceptionally versatile design.

Linen 2230

*Shade, movement and graining of actual product may vary from sample or image. We recommend that you select your preferred slabs at the distributor nearest you.

4003 Sleek Concrete

13mm | Concrete-finish

Inspired by industrial interior design trends, Sleek Concrete is an even, deep grey surface with an off-polish finish. Sophisticated, yet demure, Sleek Concrete creates a strong, neutral base from which to add pops of colour to your design.

Concrete & marble-inspired designs, with polished or honed finishes

Low Cost of Ownership

Caesarstone's Ultimo Collection of ultrafine, 13mm surfaces offers all of the exceptional properties of 20mm and 30mm Caesarstone slabs at a lower cost.

Our on-trend, slimline surfaces are priced slightly lower than thicker surfaces, and are particularly suited to the latest design trends that favour thinner countertops. Installing Caesarstone into your home increases the value of your property, making the Ultimo Collection a cost effective investment and results in low cost of ownership, as you can enjoy your surface for a lifetime.

Interiors Reimagined

The weight savings and flexural strength of the Caesarstone Ultimo Collection enable designers and fabricators to take their designs to greater heights.

This range will create an elegant bathroom sanctuary or a sleek, trendy kitchen. And with the luxurious Caesarstone finish, your design scheme will be taken to the next level. Our generous slab size means fewer joints and less grouting for a timeless, seamless effect. It also makes the Ultimo Collection ideal for:

- vanity countertops
- splashbacks
- cabinetry
- wall-cladding
- shower-cladding
- waterfall kitchen island effect

Low Maintenance Living

Caesarstone surfaces require minimal maintenance to keep them looking like new.

Caesarstone's non-porous qualities prevent unwanted mildew and bacteria build up, making it perfect for bathrooms and kitchens as they are incredibly hygienic. They are also therefore effortless to clean - just gentle cleaning with soap and water, or mild detergent ensures ease of care for long-lasting lustre...

Freedom of design with endless application possibilities

Quality & Service

As passionate as we are about design, we are equally committed to providing the best quality and service.

Our surfaces come with a comprehensive lifetime residential warranty and professional customer support in over 50 countries worldwide. So you can be rest-assured of a lifelong aesthetic and service. Caesarstone has also received worldwide recognition for our commitment to quality, safety and environmental standards. Each and every one of our surfaces are carefully inspected to ensure they meet the highest level of international quality standards.

How to Install

Due to their light weight, 13mm Ultimo countertops require a minor adjustment to the manufacturing of the cabinetry for best results.

We recommend using a Caesarstone Accredited Fabricator to ensure the following: The cabinetry should be fixed into position and levelled with a flat subtop, built into or fixed on to the cabinet top. The subtop should be at least 16mm thick and must be able to provide support at inside corners and across long spans. Overhanging countertops greater than 100mm will require more support and need to be reinforced with Caesarstone strips or a metal frame.

Lifetime Warranty

Your peace of mind is a top priority.

We provide every client with a comprehensive lifetime warranty (residential) and professional customer support for every Caesarstone quartz surface product we supply. This means that we support our product, and that we are always at your service to answer queries, solve problems and ensure you derive maximum satisfaction from your Caesarstone product.
