The world's best quartz & porcelain surfaces

caesarstone®

Designed for life

Caesarstone is designed for life. For over 30 years, Caesarstone retains its reputation as the world's best countertop, not because we say so but because you do! Engineered to last a lifetime, this durable surface is not only on trend and beautiful, but is resistant to cracks, scratches, heat, and stains. And when things don't go according to plan, we have incredible warranty programs and a national technical team to support you.

Caesarstone is the original surface. Don't be fooled by cheap imitations, it's either Caesarstone, or it's not.

We care about the planet

Sustainability is more than just a goal for us - it is a guiding principle that drives everything we do.

We are dedicated to continuous improvement and innovation to enhance the sustainability of our products throughout their lifecycle. Our commitment to environmental responsibility, health, and safety is holistic and spans our entire value chain, from manufacturing to end use.

Our sustainability efforts are embedded in everything we do, to make a positive impact on the planet and its inhabitants. We minimize the environmental impact of our products on the planet through: zero waste to landfill, electrifying transportation, partnerships for sustainability, recycled materials, wastewater recovery, reducing raw material consumption and improvement programs.

Porcelain collection

Caesarstone Porcelain offers a new point of view. It marks a leap in technology, functionality, and design, delivering a high degree of durability and strength for added safety and peace of mind that boosts dynamic living and creativity, indoors and outdoors. Each high-performance slab embodies innovative properties that elevate porcelain for the ultimate experience. Unlimited possibilities open up for making the perfect personal statement with a captivating interplay of versatile colours, tactile textures, and dynamic movements. Appearance and practicality combine to give you the freedom to choose and the flexibility to create your dream space.

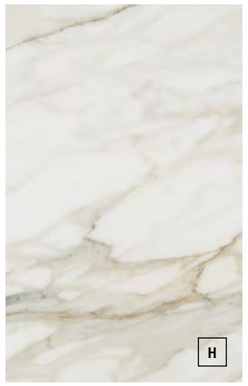

Caesarstone Porcelain introduces three innovative properties that set the bar for porcelain countertops:

Fortified frame: The Fortified Frame provides an extremely hard surface, incredibly resistant to scratches, pressure, and rupture, enabling it to stand up to the most demanding high-volume use.

High-Heat Structure: The High-Heat Structure forms a resilient surface that is extremely resistant to high temperatures, enabling direct contact with heated objects. The blend of natural ingredients secures UV resistance, for indoor and outdoor use.

Forward Design: The Forward Design achieves striking colour schemes, bolder veins, palpable textures, and magnified patterns in breakthrough surfaces that are simple to care for and maintain, in Honed or Ultra Rough finishes that accentuate their design.

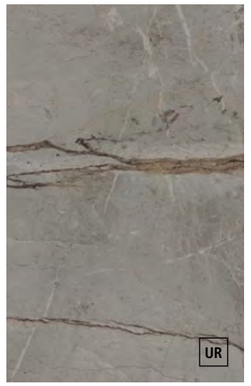

The Caesarstone Porcelain Collection comes with a long-term residential warranty and is available in six designs.

Metropolitan collection

Caesarstone has taken on the trend of raw industrial design and pushed it further with the innovative Metropolitan Collection. Rough, tough, and unpolished, these intriguing materials are embedded with depth, movement, and visual impact. Please note: All our Metropolitan surfaces have a matt, non-glossy finish to capture the essence of concrete. Concrete-inspired surfaces require more daily maintenance, but they are just as durable and non-porous as our polished surfaces.

Caesarstone surfaces require minimal maintenance to keep them looking like new. Gentle cleaning with soap and water or a mild detergent ensures ease of care for long-lasting luster.

Please note: concrete and matte surfaces require more daily maintenance, but they are just as durable and non-porous as our polished surfaces.

Be sure to read the Care and Maintenance guide for your relevant Caesarstone surface.
